## **DETAILED ACTION**

Page 2

1. This communication is in response to the amendment filed on February 24, 2005.
After a search and a thorough examination of the present application and in light of the prior art made of records, claims 2 – 6, and 8 - 15 (re-numbered as 1 – 13) are allowed.

## Reason for Allowance

2. The prior art made of records does not teach or fairly suggest the combination of Elements as recited in each of Applicant's claims 5, 6, 10, 11 and 12.

More specifically, prior art of records does not teach or fairly suggests "automatically constructing a second search strategy dependent on said second processor resource assignment, said step of automatically constructing a second search strategy being performed dependent on the results of said comparing step;

saving step including saving said first processor resource assignment in said object;

saving said first search strategy in a persistent object for later execution, said

invoking a previously saved search strategy for execution in a second logical partition, said second logical partition being different from said first logical partition;

identifying a third processor resource assignment associated with said second logical partition;

comparing said third processor resource assignment to said first processor resource assignment; and
